SUMMARY

Customer Success and Support Operations specialist with 5+ years helping SaaS companies, eCommerce brands and remote teams deliver fast, human support at scale. I run day-to-day support, onboard and retain customers, and build the macros, workflows and automations that cut repeat tickets and keep follow-ups from slipping. Top Rated Plus on Upwork (100% Job Success, 6,300+ hours), CSAT consistently above 92% and replies within 24 hours.

CORE SKILLS

Customer success: Onboarding, retention & renewals, account management, customer journey mapping, voice of customer, community management

Support operations: Inbox ownership, macros & tagging, escalation paths, SLAs & response times, SOPs, knowledge base, CSAT improvement

Tools: Zendesk, Intercom, HelpScout, Gorgias, Freshdesk, MS Dynamics 365, HubSpot, GoHighLevel, Kajabi, Shopify

Automation & AI: Zapier, ManyChat, GoHighLevel workflows, Claude, ChatGPT (AI-assisted replies and docs, human-reviewed)

EXPERIENCE

Independent Contractor: Technical Support, SaaS Ops & Automation Aug 2021 – Present

Upwork & direct clients · Remote

Top Rated Plus with 100% Job Success across 23 contracts and 6,300+ hours for SaaS, eCommerce and service businesses in the US, Canada and Europe. CSAT consistently above 92%; replies within 24 hours.

- Owned Zendesk, Gorgias and HelpScout inboxes for eCommerce and SaaS clients: order issues, refunds, billing questions and Shopify updates, following SOPs and macros without hand-holding

Toyin Crandell Coaching: Operations, Client Success & Support Lead Jul 2025 – Present

- Run end-to-end operations for a growing coaching business: launches, flash sales, email campaigns and day-to-day delivery across Kajabi, GoHighLevel, ManyChat, Notion, Zapier and Stripe
- Built AI-powered tools and automations with Claude, Zapier and GoHighLevel to run launch tasks, follow-ups and reporting, reviewing every output for accuracy
- Own client success and support: onboard new clients, answer questions across email and DMs, resolve access and billing issues, and keep clients engaged through the program
- Manage and moderate a 300+ member GoHighLevel community; build onboarding, segmentation and follow-up automations
- Coordinate launch timelines, assets and checklists so every campaign goes out on schedule

Ristretto Apps: Application Support Engineer Feb 2023 – Present

- Provide Tier 1–2 support for a suite of WordPress SaaS plugins, owning each issue from first report to resolution
- Write help articles and internal documentation that reduce repeat questions

YittBox: Project & Relationship Manager Apr 2024 – Present

- Coordinate product updates from user feedback, manage timelines and act as the bridge between developers and non-technical stakeholders
- Oversee functional, regression and user acceptance testing and provide post-release application support

RepairPlugin: Application Support Engineer Dec 2025 – Present

- Support customers with plugin installation, configuration, licensing and updates
- Troubleshoot WordPress conflicts, theme issues and front-end/back-end errors; maintain step-by-step user guides

Rose Law Firm (US): Technical Support & AI Consulting Coordinator Nov 2024 – Jun 2025

- Supported attorneys and staff through a Microsoft 365 migration and day-to-day IT troubleshooting

Sales Analyst / Administration Officer (Customer Support) | Dangote Cement Plc Oct 2022 – Dec 2023

Lagos, Nigeria

- Processed and tracked customer orders in SAP and resolved customer issues across the South-West region
- Prepared KPI and sales performance reports for the Regional Director to support monthly target setting

Technical Support Engineer (Microsoft account) | Tek Experts Mar 2022 – Oct 2022

Lagos, Nigeria

- Guided non-technical users step by step through fixes, explaining issues in plain language
- Delivered remote Tier 1–2 support to Microsoft 365 and Windows users by phone, chat and Quick Assist
- Resolved software and hardware incidents, escalated critical tickets with clear notes and documented resolutions, maintaining high CSAT

Junior IT Support & Data Officer | Olusola Adegbemile & Associates Oct 2019 – Feb 2022
Lagos, Nigeria

- Provided hardware, software and network support, maintained the company WordPress site and tracked internal projects in Asana
